TASK TEAM V - BIOGRAPHICS

MEMORANDUM FOR: Chairman, Committee on Documentation

SUBJECT: Report of Task Team V

1. Attached is the report of Task Team V for your consideration.
2. The Team has attempted, in an evolving interpretation of its Terms of Reference, to present realistic recommendations while developing in some depth a substantive description of the problems for the use of interested agencies. While the overall report is classified SECRET/NOFORN/CONTROLLED DISSEM, Annex 2 has been given a lower classification to permit wider distribution to U. S. Government officials.
3. A large file of information, monographs on various aspects of the problem (National Agency Check System, search strategies, data conversion techniques and experienced costs, SCIPS studies of PI files, etc.) is available in or through the CODIB Support Staff.
4. It is recommended that the Task Team be discharged on CODIB acceptance of this report. A formal mechanism for continued exchange on biographic problems and techniques is, however, contained in the RECOMMENDATIONS.
5. My thanks to [REDACTED] for his extensive and imaginative support.
